2025 Energy Efficiency Incentive Form

This institution is an equal opportunity provider.

ELIGIBILITY CRITERIA

- New equipment must be installed on cooperative's lines.
- Incentive not to exceed the equipment cost.
- Incentives not allowed for a measure and a component of that measure. For example, if an air source heat pump has a variable speed blower motor, the air source heat pump qualifies for an incentive but not the variable speed blower motor.
- Incentives are in place through December 31, 2025. Funds are limited so submit required documentation as soon as possible.
- Required documentation must be submitted within 3 months of install date. If submitted after December 31, 2025, equipment will be considered for the 2026 incentive if offered.
- Heat Pump or Electric Heat unit must be placed on JREC's load management program.
- Additional eligibility criteria may apply. Program is subject to change or cancellation without notice. Contact cooperative for details.
 - ✓ This incentive form
 - ✓ A copy of your receipt or invoice for each item with purchase prices(s) circled
 - ✓ Documentation showing the equipment has been installed

Submit required documentation to: PO Box 99, Ladysmith WI 54848

MEMBER INFORMATION (Please fill out entire section)												
Member Name					Email							
					Email addresses will be used for cooperative communication only, including eNewsletters filled with energy saving tips. Opting out now or in the future is always available. ☐ Opt out Now
