

THE BOYS & GIRLS CLUB OF LCO RECEIVE COOPERATIVE SUPPORT

ALWAYS Report Your Power Outages

Never assume that someone else will call in a power outage. While that might be true in some cases, there are other times where an isolated outage is the problem.

If your service is interrupted, the first thing you should do is check your fuses or breakers to make sure the problem is not your own. Next, check to see if your neighbors have power. This gives the line crews an idea of the extent of the outage.

To report an outage:

- Call 715-532-5524 or 715-634-4575 during regular business hours.
- Call 866-273-5111 after-hours or on weekends and holidays. You can expedite your call to the after-hour call center if the phone number you are calling from is the same number we have listed as on your energy bill.
- If you have the SmartHub app on your phone or tablet, you can simply use the Report Power Option link under the Contact Us tab.

Due to the wide variety of circumstances in which power outages occur, we cannot guarantee restoration times. If you or your business have critically important equipment that requires electrical power for operations (i.e., you work from home, rely on medical equipment, or have sensitive livestock), it is your responsibility to have a back-up power source such as a generator available to you.

Jump River Electric Cooperative (JREC), in collaboration with Dairyland Power Cooperative (DPC), each presented donations to the Boys & Girls Club of Lac Courte Oreilles (LCO) on May 22. This donation demonstrates the cooperatives' ongoing commitment to supporting the communities they serve through DPC's Cooperative Contributions Program.

General Manager and CEO Kurt Harris said, "We are thankful that this donation will help the club continue to meet the needs of the youth within the Lac Courte Oreilles and surrounding communities." The funds for this donation came from JREC's Federated Youth Foundation, funded by unclaimed capital credits, and from DPC's Cooperative Contributions Program.

The combined \$2,000 donation reflects the shared values of JREC and Dairyland by supporting programs and opportunities for youth. The Boys & Girls Club of LCO was founded in 1996 and became the first of its kind on a Native American reservation. The club provides a safe, positive place for kids and offers a variety of activities for all ages, all year long.

JREC and Dairyland continuously strive to make a positive impact in various community sectors. It is through donations like this that we can not only enhance the program's resources but also inspire a brighter future for our youth, empowering them to achieve their fullest potential.

Heather DiCosimo, director of organizational development for the Boys and Girls Club of America – Native Services Unit, accepted the combined donation of \$2,000 from Dairyland's Director, Regulatory Affairs Brad Foss (left) and JREC's GM/CEO Kurt Harris.

WHAT DOES IT TAKE TO BECOME A LINeworker?

Three area schools sent high school students to get the answer to this and other job-related questions during a lineworker job shadowing event held at JREC headquarters warehouse. An electrical safety demonstration was also provided.

THERE'S NO JOB TOO BIG OR TOO SMALL FOR OUR LINEMEN

In May, the cooperative received a call asking for help to rescue a great horned owlet near the home of members Dick and Tammy Moore. The owlet had fallen out of its nest and its leg became caught in a branch. Ladysmith linemen Marcus and Benji jumped into action and were able to rescue the owlet from the tree.

“A big thank you to Jump River Electric for the rescue!

He is alive with injuries,” said Tammy Moore. Tammy named him Willie, after JREC’s mascot. Willie joined his brother Truffles, who had fallen out of the same nest a few weeks earlier, at the Winged Freedom Raptor Rehab Hospital in Spooner. Willie is doing well, and the hospital will release him when he is ready.

JREC linemen Marcus (left) and Benji with Willie, the owlet they rescued from a tree.

REDUCE YOUR ENERGY USAGE TO HELP

BEAT THE PEAK

- ✓ Turn off and unplug any unnecessary lights or electronics.
- ✓ Use curtains and blinds to keep the sun out.
- ✓ Set your thermostat a few degrees higher.
- ✓ Wait to run the dishwasher or do laundry until late in the evening.

Do the Summer Shift!
11 a.m. to 7 p.m.

What is the Summer Shift?

The Summer Shift supports stable rates by helping members use less electricity during times of high demand. Anyone can participate in the Summer Shift by “shifting” non-essential energy use to before 11 a.m. or after 7 p.m., when the demand for electricity is at its peak. With a successful Summer Shift program, the cooperative’s wholesale power provider purchases less electricity during times of peak demand and high prices. Reducing the price paid for our wholesale power contributes to stable retail electricity rates in the long-term.

LADYSMITH LINEMAN COMPLETES APPRENTICESHIP

Congratulations to Benji Gindt on completing his apprenticeship and becoming a journeyman lineman. Benji has been with the cooperative since 2020 and works out of the Ladysmith office. Along with his linemen duties, Benji helps present safety demonstrations to area youth and various organizations.

Operations Manager Jordan Behrendt said, “Benji has proven himself to be very dependable and has progressed rapidly through his apprenticeship. He consistently demonstrates his dedication to excellence for both our members and this community.”

JREC offices are closed July 4, in observance of Independence Day. Have a happy and safe holiday.

We may be looking for you!

Jump River Electric Cooperative has several former members who have not cashed their capital credit checks that were paid out in 2021. The list of names is also published on our website at www.jrec.net. Please contact us at 715-532-5524 or at jrec@jrec.com ONLY if you know the current address of someone listed.

In cases where the person is deceased, please call us if you know the contact information for a relative or benefactor who may have rightful claim to the capital credits. Any unclaimed checks will revert to the Wisconsin Federated Youth Foundation, Inc. The Foundation is a charitable tax-exempt trust established by the Wisconsin Electric Cooperative Association for educational purposes. *(List is continued from last month.)*
