

SNAPSHOTS OF JREC'S 84TH ANNUAL MEETING

**Jump River Electric
Cooperative, Inc.**

Since 1938

Your Touchstone Energy® Cooperative 

Saturday, April 30, goes down in the JREC record books as the first time the annual meeting was held at two locations, simultaneously. Approximately 200 people attended this meeting at either the Ladysmith High School Auditorium (left) or by livestream at the Hayward outpost (right).

Pictured here, Attorney Niles Berman meets with the election inspectors, prior to them counting the absentee and meeting-day ballots. In director elections, three incumbents ran unopposed and were re-elected to their seats to serve three-year terms: District 2, Myron Brooks – 292 votes; District 7, Jason Weaver– 283 votes; and District 8, Walter Kruk – 284 votes. The 2021 Annual Meeting Minutes were approved as printed on a vote of 299 in favor and 15 opposed.

The meeting opened with Board Chairman Myron Brooks reporting that over \$678,000 in JREC capital credits was returned to members, and in the last quarter of 2021, the co-op made \$77,250 in power cost adjustment (PCA) credits to members.

Interim General Manager & CEO Mike Schaefer told the members that there was not a rate increase in the 2022 budget, but members could expect to see a PCA on their energy bill to help cover the expected wholesale rate variance this year. Schaefer also reviewed various graphs showing the growth of the cooperative over the past eight years.

Members received an update on the LCO easement matter and the progress of various operation projects from Assistant Manager Kurt Harris (pictured at left, standing). Harris also presented no lost-time accident awards to five employees and updated the membership on recent hires and promotions.

John Carr, Dairyland Power Cooperative's (DPC) vice president of strategic growth, gave a presentation that addressed their goal of sustainability and outlined how DPC is methodically lowering its carbon output without sacrificing safety and reliability.

The grand prize winner of a \$500 energy credit was Sharron Dicus of Sheldon. The following five members won \$100 energy credit each: Barbara Reuss of Hayward (left); Tim Smith and Gary Purgett, both of Ladysmith; Kathy Overman of Hayward; and Marjorie Evjen of Sheldon. All members in attendance received a \$25 energy credit and a JREC cinch bag and yard stick.

YOU WEREN'T ABLE TO ATTEND THE ANNUAL MEETING? No problem, you can view the entire meeting online at jrec.com.

Interim GM/CEO Mike Schaefer (center) presented board members Sandra Schara (District 9) and Jason Weaver (District 7) with their Credentialed Cooperative Director (CCD) certificates at the April board meeting. This five-class course focuses on basic governance knowledge and the essential skills required of cooperative directors.

MY FAVORITE ICE CREAM FLAVOR IS...

Tell us on Facebook and Twitter

Most everyone has a favorite flavor of ice cream. With June being Dairy Month, we thought it would be fun to find out if your favorite flavor ranks within the top 10 flavors according to a 2019 study from the International Dairy Foods Association (IDFA).

Nearly two-thirds of Americans rank vanilla as their favorite ice cream flavor. What? Here are the top 10 according to this study: (1) Vanilla, (2) Chocolate, (3) Cookies N' Cream, (4) Mint Chocolate Chip, (5) Chocolate Chip Cookie Dough, (6) Buttered Pecan, (7) Cookie Dough, (8) Strawberry, (9) Moose Tracks, and (10) Neapolitan.

Over 1 billion gallons of hard ice cream were consumed in 2020, with the average American eating approximately 23 pounds of ice cream each year, according to IDFA.

So, what is your favorite flavor? Go to facebook.com/jumpriverelectriccoop and twitter.com/JREC1938 and let us know. Find the picture you see at the left on our social media page and comment with your name and favorite flavor. We'll enter your name into a chance to win a Cooperative Swag Bag! One drawing for Facebook and one for Twitter users, and only active members will be entered into the drawing.

MONEY-\$AVING TIP:

Find many great energy conservation tips and ways to save money with our Energy Sense rebate program. This program provides savings on the purchase of HVAC systems, lighting, appliances, and water heaters, to name a few. If building a new construction, you may qualify for a free 50-gallon electric water heater. Go to jrec.com/energy-sense-rebates for details.

Did You Know? The average U.S. household has about 70 light bulbs. One ENERGY STAR certified LED light bulb uses up to 90% less energy than incandescent bulbs, according to Energy.gov. Our current Energy Sense incentive for LED bulbs is \$1 per bulb (up to 100 percent of cost) with a five-bulb minimum purchase. LED fixtures, exit signs, and occupancy sensors are also eligible for rebates.

Utility poles are not bulletin boards.

KEEP POWER POLES CLEAR

We want to remind all our members that nothing should be placed on the Jump River Electric Cooperative power poles. This includes, but is not limited to: posters, flyers, decorations, birdhouses, lights, tree stands, etc.

The poles need to be clear of items because sometimes JREC linemen need to climb the poles, and items on the poles can make that task more difficult and dangerous.

We may be looking for you!

Jump River Electric Cooperative has several former members who have not cashed their capital credit checks that were paid out in 2019. The list of names is also published on our website at www.jrec.net. Please contact us at 715-532-5524 or at jrec@jrec.com ONLY if you know the current address of someone listed. In cases where the person is deceased, please call us if you know the contact information for a relative or benefactor who may have rightful claim to the capital credits. Any unclaimed checks will revert to the Wisconsin Federated Youth Foundation, Inc. The Foundation is a charitable tax-exempt trust established by the Wisconsin Electric Cooperative Association for educational purposes.
