

# 85<sup>th</sup> ANNUAL MEETING HIGHLIGHTS

A little rain didn't stop approximately 150 members from attending the 85th annual meeting, held for the first time in the Ladysmith warehouse. Like last year, the meeting was live streamed to our Hayward office. All members in attendance received a \$25 energy credit and a JREC cinch bag with a water bottle and deck of cards inside.

The election committee tallied up the voting results, which saw Joe Lorence (District 3) and Sandra Schara (District 9) both reelected for another three-year term. The three-way race for District 4 director was close, with Jay Waeltz edging out his opponents. The two proposed bylaw amendments also passed.

General Manager/CEO Kurt Harris presented Jerry Carow with a plaque in appreciation for his 8 ½ years of service on the Board of Directors.

Members listened as presentations were given by Board Chair Myron Brooks, General Manager/CEO Kurt Harris and Dairyland Power Cooperative's (DPC) President & CEO Brent Ridge (pictured right). Brooks reviewed capital credits and scholarships and encouraged members to participate in the Community Cents program. Harris thanked members for their patience as JREC worked to safely restore power during two major storms in 2022. He reported that the March ice storm cost JREC \$124,653.33, with the Wisconsin Disaster Fund reimbursing the co-op \$51,981.04. The December storm cost \$445,938.73, with \$203,581.55 reimbursed from the same fund. Members were also updated on supply-chain challenges, broadband, and strategic goals. Ridge recognized JREC Board Member Jane Reich for her service on the DPC board. Ridge also reviewed DPC's service area, sustainability and reliability of the system, December storms, current renewable generation, DPC's energy mix, and future power plans.

## Viasat-3 Launches, Increasing Satellite Broadband Capacity

Jump River Electric Cooperative has been providing satellite home internet service to our rural communities since 2005 when the business began under the name "WildBlue." Viasat has launched its latest satellite, Viasat-3, from NASA's Kennedy Space Center on a SpaceX Falcon Heavy rocket. Viasat-3 is expected to provide around 100 Mbps service. The company anticipates commercial service in mid to late 2023. Viasat currently offers speeds up to 30 Mbps. If you are interested in signing up today, call 715-532-5524 or go to [jrec.com/viasat](http://jrec.com/viasat).

**YEARS OF SERVICE HONOREES** – The above employees were recently recognized for their years of service. Front row (l-r): Operations Manager Jordan Behrendt and Lineman Calvin Wiener (5 years). Back row (l-r): Member Service Rep Vicky Ringstad (10 years), and Load Management/Meter Tech Jeff Kurtzthals and Work Order Accountant/Operations Assistant Jessica Bingham (15 years).

## WELCOME TO JREC, PAUL!

"Paul joined our team as the new fleet & facilities maintenance technician in March and we have enjoyed getting to know him," said General Manager/CEO Kurt Harris. "Paul's knowledge and past work experience have already made him a great asset to this cooperative."

Paul resides in Loretta with his wife, Desiree, and their three children (twin boys and a girl). In his free time, Paul loves restoring old farm equipment.
