

JUMP RIVER ELECTRIC COOPERATIVE MEMBERS ONLY

Below you will find a detailed list of the 2021 Energy Sense rebates and incentives offered by JREC. Please make sure to read the Overall Incentive Rules at the end of this list for other terms and conditions. Rebate forms can be found at www.jrec.com or feel free to contact us with any questions at 715-532-5524.

HEATING AND COOLING

Heat Pump - Commercial Air Source & PTHPs

- Under 20 ton – EER 11+; 20 - 59 ton – EER 10.5+; and 60+ ton – EER 10+ = \$250/ton
- Need a copy of dated invoice that includes the manufacturer or brand name, AHRI certificate #, SEER or EER value, and tonnage.

Heat Pump – Air Source & Mini Split

- SEER 14+, HSPF of 8.2+, or EER 11+ - \$250/ton.
- Need a copy of dated invoice that includes the manufacturer or brand name, AHRI certificate #, SEER or EER value, and tonnage.

Heat Pump - Geothermal

- \$500/ton
- Need a copy of dated invoice that includes the manufacturer or brand name, AHRI certificate #, SEER or EER value, and tonnage.

New furnace with +ECM Blower Motor

- \$35/unit
- ECM blower motor on the new furnace must be variable speed or Efficiency (AFUE) $\leq 95\%$ and Eac ≤ 670 kWh/year.
- Need a copy of dated invoice AHRI certificate #, manufacturer or brand name, and AC presents.

Rebates not allowed for a measure and a component of that measure. All documentation must be submitted no later than 3 months after install date. Incentive to not exceed equipment cost.

LIGHTING

LED Lamp

- Incentive is up to \$1 per bulb for LED (capped at 100% of cost)
- 5 lamps minimum
- Need a copy of receipt showing date of purchase, quantity, and wattage.

Other Lighting

- LED Exit Signs - \$5/sign
- Occupancy Sensor - \$5 each
- LED fixture (Non-Residential only) - \$1 per 800 lumens or \$.00125 per lumen
- Need a copy of receipt showing date of purchase, quantity, and wattage.
- Capped at 100% of cost
- All documentation must be submitted no later than 3 months after purchase date.

COMMERCIAL & FARM PROGRAMS

Incentives for farm include:

- Dairy Plate Cooler/Well Water Pre-Cooler - \$500 each
- Dairy Refrigeration Heat Recovery w/electric backup, used w/controlled electric water heater-\$300 ea.
- Low/Zero Energy Livestock Waterer (≤ 500 watts must be an insulated tank) - \$50 each
- Exhaust Fan (Fans $< 36''$ must be \geq to 18 cfm/watt @ 0.05" SP; Fans $\geq 36''$ must be ≥ 21 cfm/watt @ 0.05" SP). Fans must be AMCA or University of Illinois BESS Lab rated –\$1 per inch diameter
- Circulation Fan (Fans $< 36''$ must be \geq to 18 lbs. force/kW; Fans $> 36''$ & over must be ≥ 21 lbs. force/kW). Fans must be AMCA or University of Illinois BESS Lab rated – \$1 per inch diameter
- Scroll Refrigeration Compressor - \$30/HP – max rebate \$1,000/compressor
- Variable Frequency Drive (VFD) - \$30 per HP – max rebate \$1,000/drive; min. $\frac{1}{2}$ HP
- Commercial vending machine controls - \$25 each
- Electric Forklift Battery Charger – must be controlled - \$200 each
- All documentation must be submitted no later than 3 months after install date

Custom Farm and Commercial incentives are available. Incentives will not exceed cost of equipment. Proof of cost, date of purchase, and installation date required.

CONSERVATION / WATER HEATERS

Other Conservation

- Faucet flow restrictors (≤ 1.5 GPM) - \$1 each (capped at 100% of equipment cost).
- Showerhead flow restrictors (≤ 2.5 GPM) - \$5 each (capped at 100% of equipment cost).
- Smart Power Strip/Bar - \$5/each
- Electric Vehicle Charging Station - \$400/each, must be controlled.
- Electric Vehicle Smart Charger with integrated metering - \$800/each, must be controlled.

Water Heaters – Residential and Commercial

- 75-99 gallons (Energy Factor .90 or greater, residential) must be on load control program, \$776.95 rebate if purchased from JREC or \$150 rebate when purchased outside the co-op.
- 100 gallons or greater (Energy Factor of .85 or greater, residential) must be on load control program, \$687.95 rebate if purchased from JREC or \$300 rebate if purchased outside the co-op.
- Must provide a copy of receipt.
- Must provide proof of Energy Factor (EF).

Heat Pump Water Heater

- \$300 rebate – cannot exceed equipment cost.
- Must be new install or replacing an existing electric water heater.
- Integrated (all-in-one) units, Uniform Energy Factor of ≥ 2.00 .
- Does not have to be on Load Management program.

Solar Storage Water Heater with Electric Auxiliary Tank

- \$150 rebate for 75-99-gallon tank, or
- \$300 rebate for 100+ gallon tank.
- Cannot exceed equipment cost.
- Must include one or more storage tanks that are backed up on load management controlled electric water heating element.

Documentation must be submitted no later than 3 months after install date of water heater; and no later than 3 months after purchase date on other conservation efforts.

APPLIANCES

Energy Star Electric Appliances

- Available Electric Appliance Incentives:
 - Clothes Washer - \$100
 - Refrigerator (must be ≥ 10 cubic ft.) - \$100
 - Inductive Range - \$25
 - Dishwasher - \$50
 - Dehumidifier - \$25
 - Clothes Dryer - \$25
 - Clothes Dryer – Heat Pump - \$50
 - Freezer (must be ≥ 10 cubic ft.) - \$25
- Units must be Energy Star rated, except heat pump clothes dryers and inductive ranges as all qualify.
- Member must provide a copy of purchase receipt showing date of purchase.
- Must provide Energy Guide as proof of Energy Star rating, if applicable.
- All documentation must be submitted no later than 3 months after purchase date.
- Appliance being purchased or recycled must be/have been installed on cooperative lines.

RECYCLE – Get an additional \$25 per working freezer, refrigerator, or window a/c unit that you recycle – need proof of date of recycling and that the appliance was working prior to recycling to qualify for rebate.

HOME PERFORMANCE

Home Energy Audit

- Incentive is \$150 credit towards the cost of a home energy audit.
- Work must be performed by a certified energy manager or a certified home performance auditor.
- Eligible for only one audit in a 5-year period.
- Credit cannot exceed actual cost of the audit.

Home Audit follow up incentive

- Must have had a home energy audit performed through the JREC Home Energy Audit first and improvement must be a recommendation from the audit.
- The audit report must indicate the improvement will result in electrical or delivered fossil fuel (LP, oil) reduction of efficiency.
- Rebate not to exceed cost of efficiency improvements and is capped at \$500. Cost can include material and professional labor. The cost of the audit cannot be included.
- Home Audit improvements must be completed within 24 months of the audit date.
- Apply for incentive within 3 months of the implementation of the measures.

Compressed Air Audit - must be performed by a certified energy manager or professional engineer.

- Reimbursement not to exceed cost of audit and is capped at \$500.
- A copy of the audit showing deemed savings must be provided as well as a copy of cost and date of audit. Incentive request must be received within 3 months of the audit.

Touchstone Energy Home Program

- Incentive is \$500 per home. If requests exceed 5, members will be placed on a waiting list and awarded incentives if money becomes available. Need a copy of State Energy Star certification.
- Program is arranged by the homeowner, builder and state Energy Star Home staff. JREC does the final rebate if the home passes and is certified as a Wisconsin Energy Star Home.
- All documentation must be submitted no later than 3 months of verification of the requirements.

RENEWABLES

Renewable Energy Site Assessment

- \$150 towards the cost of a site assessment.
- Projects must be 20 kW or less; be wind, solar, or biomass; and meet all JREC policies including PSC Rule 119.
- Money will not be awarded until after a copy of the assessment is received by JREC.
- Assessment must be conducted by a certified renewable energy assessment consultant.
- After completion, the member will be eligible to apply for a renewable grant.

Renewable Energy Grant

- Incentive will be paid out at \$200 per installed kW of the system up to \$2,000 max (i.e. 4kW=\$800 or 10kW=\$2,000)
- JREC may award up to \$10,000 in grants to members within the 12-month program.
- Member should complete a renewable energy site assessment through a certified professional before applying for the grant.
- Funds cannot exceed project cost.
- Funds will not be paid until project completion.
- Systems must be less than 20 kW.
- Systems must be wind, solar or biomass used for electricity production.
- Systems must follow all rules and regulations set forth in JREC policy and PSC rule 119 for interconnected renewable energy electric generation.
- JREC reserves the right to award no grants, at its discretion, if the projects do not meet the above guidelines.
- Projects will be ranked by economic feasibility if more than one grant application is received.

OVERALL INCENTIVE RULES

- All incentives are available on products purchased and worked performed from 1/1/21 until 12/31/21. All rebates/incentives will not exceed the cost of the equipment.
- JREC reserves the right to terminate all or part of this program or make changes at any time.
- Each incentive has a budget when that budget has been met the incentive may end.
- JREC reserves the right to transfer allotted program budget funds between programs as needed.
- Only active electric members of JREC are eligible for these incentives.
- All energy efficiency measures and appliances must be installed on the JREC system to qualify for an incentive.
- Members must submit the incentive application/rebate form within 3 months of purchase date for measures that do not take a significant amount of time to install (appliances, conservation, and lighting measures) and within 3 months of install date for measures that do take time to install (water heaters, HVAC, C&I, and agricultural measures).
- Rebates in the amount of \$500 or less will be issued in the form of an energy bill credit, unless otherwise requested. Checks will be issued for amounts larger than \$500.
- All forms and receipts must be turned in according to the deadlines listed on the rebate form.
- All rebates are subject to change without notice.

Jump River Electric Cooperative, Inc.

Since 1938

Your Touchstone Energy® Cooperative
